Contact Us

Due to the ongoing Covid-19 Pandemic we are experiencing very high numbers of messages.

If you are enquiring about when your order will arrive please do not contact us until after the delivery time slot stated on your order confirmation email has passed (normally 5 working days) as we will not be able to help until after this time has elapsed.*

**working days are Monday to Friday.*

Our couriers and warehouses are, like the rest of the country, experiencing staff shortages due to Covid-19. Whilst 90%+ of our orders are arriving on time, occasionally there may be an extra short delay of a day or two. We appreciate your patience when contacting us about your orders and thank you for your ongoing support and custom during this difficult time.

If you have any questions for us, be it about availability, delivery times, product dimensions, matching pieces, or anything else, please drop us a line using the form below and our team of highly trained yet friendly furniture ninjas will get back to you asap - or keep an eye open for the big green button on the bottom right of your screen, if you can see that it means you can use that to talk to us in a live chat session.

Alternatively, between 9:00 am and 5:00 pm Mondays to Fridays you can give us a call on 01964 631815 and speak to someone from our team in person.
